Item 5: Fees and Compensation has been updated to reflect the following:

## **Financial Review - Fixed Fee**

*This service is offered on a fixed fee basis. The fixed fee will be agreed upon before the start of any work. The fee is \$500 for single clients and \$750 for couples. The fee may be negotiable in certain situations. For Financial Review clients, the entire fee is due at the beginning of process, however, JBC will not bill an amount above \$500.00 more than 6 months in advance. In the event of early termination, the client will be billed for the hours worked at a rate of \$175 per hour. If the initial deposit is greater than the amount billed, then the client will be refunded the difference. If the initial deposit is less, then the client will be billed the difference.*

## **Financial Planning - Single Project Engagement - Fixed Fee**

*Financial Planning via Single Project Engagements are also offered on a fixed fee basis. The fixed fee will be agreed upon before the start of any work. The fee ranges from \$1,000 - \$4,500 and may be negotiable in certain situations. 40% of the fee is due at the beginning of process, with the remainder due upon completion. However, JBC will not bill an amount above \$500.00 more than 6 months in advance. In the event of early termination, the client will be billed for the hours worked at a rate of \$175 per hour. If the initial deposit is greater than the amount billed, then the client will be refunded the difference. If the initial deposit is less, then the client will be billed the difference.*

## **Comprehensive Financial Planning – Multiple Project Engagement – Ongoing Fee**

*Fees for Comprehensive Financial Planning via a Multiple Project Engagement range from \$5,000 - \$7,500 in year one and \$3,000 - \$4,500 in year 2 and beyond. 40% of the fee is due upfront with the remainder paid monthly or quarterly, in advance. The fee may be negotiable in certain cases. This service may be terminated with 30 days' notice. Upon termination of any account, the fee will be prorated and any unearned fee will be refunded to the client. JBC will not bill an amount above \$500 more than 6 months in advance.*

## **Investment Advisory Services**

*Investment advisory services are only available after payment and completion of a Financial Review (above). In addition to financial planning fees, clients will pay a standard advisory fee based on the market value of the account calculated as follows:*

**Fee Schedule 1 (Available to all financial planning clients)**

<i>Account Value</i>	<i>Annual Advisory Fee</i>	<i>Betterment Fee</i>
<i>\$0 - \$500,000</i>	<i>0.60%</i>	<i>0.25%</i>
<i>\$500,001 - \$1,000,000</i>	<i>0.45%</i>	<i>0.25%</i>
<i>\$1,000,001 - \$2,000,000</i>	<i>0.35%</i>	<i>0.25%</i>
<i>\$2,000,001 and Above</i>	<i>0.25%</i>	<i>0.25%</i>

**Fee Schedule 2 (Available to Comprehensive Financial Planning – Multiple Project Engagement clients)**

<i>Account Value</i>	<i>Annual Advisory Fee</i>	<i>Betterment Fee</i>
<i>\$0 and Above</i>	<i>0.25%</i>	<i>0.25%</i>

*The annual fees are negotiable and are pro-rated and paid in arrears on a quarterly basis. The Outside Manager will debit the client's account for both the Outside Manager's fee, and JBC's advisory fee, and will remit JBC's fee to JBC. No increase in the annual fee shall be effective without agreement from the client by signing a new agreement or amendment to their current advisory agreement.*

*Accounts initiated or terminated during a calendar quarter will be charged a pro-rated fee based on the amount of time remaining in the billing period. An account may be terminated with written notice at least 30 calendar days in advance. Since fees are paid in arrears, no rebate will be needed upon termination of the account.*

## **Description of Advisory Firm**

JBC Wealth Advisors, LLC is registered as an Investment Adviser with the State of Wisconsin. We were founded in January 5, 2016. JBC Wealth Advisors, LLC. Nathan Byers is the President, Chief Compliance Officer, and Principal advisor for JBC Wealth Advisors. JBC Wealth Advisors, LLC is 100% owned by Johnson Block & Company Inc. As of 12/31/2016, JBC had \$0 under management.

## **Types of Advisory Services**

### **Investment Advisory Services**

We offer investment advisory services through use of a third-party money manager, MTG, LLC dba Betterment Securities (“Betterment Securities”) for portfolio management services. This service includes asset allocation, rebalancing, tax harvesting (JBC provides tax information to Betterment), risk tolerance, discussion of goals around Betterment funds, unlimited calls/emails to discuss invested funds, regular monitoring of Betterment funds, investment policy creation and annual review. Our review process and analysis of Betterment Securities is further discussed in Item 8 of this Form ADV Part 2A. We will also meet with the client on a periodic basis to discuss changes in their personal or financial situation, suitability, and any new or revised restrictions to be applied to the account. This service does not include financial, tax, estate, retirement, cash-flow, insurance or college planning. Fees pertaining to this service are outlined in Item 5 of this brochure.

### **Financial Planning**

Financial planning is an evaluation of a client’s current and future financial state by using currently known variables to predict future cash flows, asset values and withdrawal plans. The key defining aspect of financial planning is that through the financial planning process, all questions, information and analysis will be considered as they impact and are impacted by the entire financial and life situation of the client. Clients purchasing this service will receive a written or an electronic report, providing the client with a detailed financial plan designed to achieve his or her stated financial goals and objectives.

The client always has the right to decide whether or not to act upon our recommendations. If the client elects to act on any of the recommendations, the client always has the right to affect the transactions through anyone of their choosing.

In general, the financial plan will address any or all of the following areas of concern. The client and advisor will work together to select the specific areas to cover. These areas may include, but are not limited to, the following:

- **Business Planning:** We provide consulting services for clients who currently operate their own business, are considering starting a business, or are planning for an exit from their current business. Under this type of engagement, we work with you to assess your current situation, identify your objectives, and develop a plan aimed at achieving your goals.
- **Cash Flow and Debt Management:** We will conduct a review of your income and expenses to determine your current surplus or deficit along with advice on prioritizing how any surplus should be used or how to reduce expenses if they exceed your income. Advice may also be provided on which debts to pay off first based on factors such as the interest rate of the debt and any income tax ramifications. We may also recommend what we believe to be an appropriate cash reserve that should be considered for emergencies and other financial goals, along with a review of accounts (such as money market funds) for such reserves, plus strategies to save desired amounts.
- **College Savings:** Includes projecting the amount that will be needed to achieve college or other post-secondary education funding goals, along with advice on ways for you to save the desired amount. Recommendations as to savings strategies are included, and, if needed, we will review your financial picture as it relates to eligibility for financial aid or the best way to contribute to grandchildren (if appropriate).
- **Employee Benefits Optimization:** We will provide review and analysis as to whether you, as an employee, are taking the maximum advantage possible of your employee benefits. If you are a business owner, we will consider and/or recommend the various benefit programs that can be structured to meet both business and personal retirement goals.
- **Estate Planning:** This usually includes an analysis of your exposure to estate taxes and your current estate plan, which may include whether you have a will, powers of attorney, trusts and other related documents. Our advice also typically includes ways for you to minimize or avoid future estate taxes by implementing appropriate estate planning strategies such as the use of applicable trusts.

We always recommend that you consult with a qualified attorney when you initiate, update, or complete estate planning activities. We may provide you with contact information for attorneys who specialize in estate planning when you wish to hire an attorney for such purposes. From time-to-time, we will participate in meetings or phone calls between you and your attorney with your approval or request.

- **Financial Goals:** We will help clients identify financial goals and develop a plan to reach them. We will identify what you plan to accomplish, what resources you will need to make it happen, how much time you will need to reach the goal, and how much you should budget for your goal.
- **Insurance:** Review of existing policies to ensure proper coverage for life, health, disability, long-term care, liability, home and automobile.
- **Investment Analysis:** This may involve developing an asset allocation strategy to meet clients' financial goals and risk tolerance, providing information on investment vehicles and strategies, reviewing employee stock options, as well as assisting you in establishing your own investment account at a selected broker/dealer or custodian. The strategies and types of investments we may recommend are further discussed in Item 8 of this brochure.
- **Retirement Planning:** Our retirement planning services typically include projections of your likelihood of achieving your financial goals, typically focusing on financial independence as the primary objective. For situations where projections show less than the desired results, we may make recommendations, including those that may impact the original projections by adjusting certain variables (e.g., working longer, saving more, spending less, taking more risk with investments).

If you are near retirement or already retired, advice may be given on appropriate distribution strategies to minimize the likelihood of running out of money or having to adversely alter spending during your retirement years.

- **Risk Management:** A risk management review includes an analysis of your exposure to major risks that could have a significant adverse impact on your financial picture, such as premature death, disability, property and casualty losses, or the need for long-term care planning. Advice may be provided on ways to minimize such risks and about weighing the costs of purchasing insurance versus the benefits of doing so and, likewise,

the potential cost of not purchasing insurance (“self-insuring”).

- **Tax Planning Strategies:** Advice may include ways to minimize current and future income taxes as a part of your overall financial planning picture. For example, we may make recommendations on which type of account(s) or specific investments should be owned based in part on their “tax efficiency,” with consideration that there is always a possibility of future changes to federal, state or local tax laws and rates that may impact your situation.

We recommend that you consult with a qualified tax professional before initiating any tax planning strategy, and we may provide you with contact information for accountants or attorneys who specialize in this area if you wish to hire someone for such purposes. We will participate in meetings or phone calls between you and your tax professional with your approval.

## **Financial Planning Programs**

### **Financial Review**

This service involves a limited engagement that includes:

- Financial plan creation – compile financial information and calculation of various financial metrics.
- Tax return analysis – review of tax loss harvesting, strategies to pay less taxes and generally improve overall tax strategy.

This service also includes 1 meeting with JBC and implementation of any plans/strategies is self-directed.

### **Single Project Engagement**

A more extensive review of one area of your financial life. Examples include, but are not limited to: goal setting, asset/liability analysis, tax planning, cash flow management, retirement planning, risk management, estate planning and record keeping, etc. The service includes various client consultations as well as written and/or oral recommendations resulting from such consultations. The Project Retainer does not constitute a comprehensive financial planning engagement and follow-up advice and/or implementation assistance is not provided following the completion of the project.

This service includes 2 meetings with JBC and implementation of any plans/strategies is self-directed.

### **Comprehensive Financial Planning – Multiple Project Engagement**

This service involves working one-on-one with a planner over an extended period of time. By paying an annual retainer, clients get continuous access to a planner who will work with them on multiple projects (referenced above in “Single Project Engagement”) concerning their financial lives. The planner will monitor the plan, recommend any changes and ensure the plan is up to date.

Upon engagement, a client will be taken through establishing their goals and values around money. Clients will receive a Financial Review (above) and will then be taken through steps to determine the financial planning projects to be completed and corresponding timeline. They will be required to provide information to help complete the following areas of analysis: net worth, cash flow, insurance, credit scores/reports, employee benefit, retirement planning, insurance, investments, college planning and estate planning. Once the client’s information is reviewed, their plan will be built through a series of projects. Clients subscribing to this service will receive a written or an electronic report, providing the client with a detailed financial plan designed to achieve his or her stated financial goals and objectives. If a follow up meeting is required, we will meet at the client's convenience. The plan and the client’s financial situation and goals will be monitored throughout the year and follow-up phone calls and emails will be made to the client to confirm that any agreed upon action steps have been carried out. On an annual basis there will be a full review of plans to ensure accuracy and ongoing appropriateness. Any needed updates will be implemented at that time.

**Targeted Project Based Financial Planning:** *Best for: do it yourself investors looking for a second opinion.*

We offer also offer targeted financial planning engagements, in the areas that are most pressing for the client. Meetings with advisor will be available as needed (virtual or in-person). Clients will receive a written plan of action, with recommendations to assist the client in reaching their goals.

Examples of areas of targeted project based financial planning, but not limited to:

Accountability	Entity Selection	Rent/Buy Analysis
Account Rebalancing	Estate Planning	Retirement Planning

Asset Allocation	Goal Planning	Risk Management (Disability, Long-term care)
Beneficiary Review	Growing family planning	Roth Conversion Analysis
Buy/Sell Analysis (house, auto, etc.)	Human Capital Investment (helping you make more)	Self-Employed Employee Benefits
Cash Flow Analysis	Life Insurance Needs & Cost Analysis	Self-Employed Retirement Planning
Debt Management	Marriage Planning	Social Security Analysis
Employee Benefit Analysis	Objective Opinion	Tax Planning
Tax Return Analysis		

The client always has the right to decide whether or not to act upon our recommendations.

### **Educational Seminars and Speeches**

We may provide educational seminars on an “as announced” basis for groups seeking general advice on investments and other areas of personal finance. The content of these seminars will vary depending upon the needs of the attendees. These seminars are purely educational in nature and do not involve the sale of any investment products. Information presented will not be based on any one individual person’s needs, nor does JBC provide individualized investment advice to attendees during these seminars.

### **Para-planning**

We also provide tax, estate and financial planning, along with other non-client facing administrative support to other investment advisers.

### **Client Tailored Services and Client Imposed Restrictions**

We offer the same suite of services to all of our clients. However, specific client financial plans and their implementation are dependent upon the client Investment Policy Statement which outlines each client’s current situation (income, tax levels, and risk tolerance levels) and is used to construct a client specific plan to aid in the selection of a portfolio that matches restrictions, needs, and targets.

## Wrap Fee Programs

We do not participate in wrap fee programs.

# Item 5: Fees and Compensation

---

Please note, unless a client has received the firm's disclosure brochure at least 48 hours prior to signing the investment advisory contract, the investment advisory contract may be terminated by the client within five (5) business days of signing the contract without incurring any advisory fees. How we are paid depends on the type of advisory service we are performing. Please review the fee and compensation information below.

*JBC Wealth Advisors receives no commissions, referral fees, sales loads, or surrender charges. JBC is a Fee-Only Financial Advisory Firm, whose only source of compensation is the fee paid by its Clients. The only compensation we receive is what you pay.*

*Building and maintaining your wealth is our only incentive*

## Targeted Project Based Financial Planning - Hourly Fee

The fee for this package is \$175.00 per hour. The fee may be negotiable in certain cases. Depending on the estimated number of hours needed to complete the project, JBC Wealth Advisors may request half of the fee is due at the beginning of process and the remainder is due at completion of work. This will be decided on a case by case basis and will be outlined in the client's advisory agreement, however, JBC Wealth Advisors will not bill an amount above \$500.00 more than 6 months in advance. In the event of early termination, the client will be billed for the hours worked. In situations where a client paid an initial deposit, if the initial deposit is greater than the amount billed, then the client will be refunded the difference. If the initial deposit is less, then the client will be billed the difference.

## Financial Review - Fixed Fee

This service is offered on a fixed fee basis. The fixed fee will be agreed upon before the start of any work. The fee is \$500 for single clients and \$750 for couples. The fee may be negotiable in certain situations. For Financial Review clients, the entire fee is due at the beginning of process, however, JBC will not bill an amount above \$500.00 more than 6 months in advance. In the event of early termination, the client will be billed for the hours worked at a rate of \$175 per hour. If the initial deposit is greater than the amount billed, then the client will be refunded the difference. If the initial deposit is less, then the client will be billed the difference.

## Financial Planning - Single Project Engagement - Fixed Fee

Financial Planning via Single Project Engagements are also offered on a fixed fee basis. The fixed fee will be agreed upon before the start of any work. The fee ranges from \$1,000 - \$4,500 and may be negotiable in certain situations. 40% of the fee is due at the beginning of process, with the remainder due upon completion. However, JBC will not bill an amount above \$500.00 more than 6 months in advance. In the event of early termination, the client will be billed for the hours worked at a rate of \$175 per hour. If the initial deposit is greater than the amount billed, then the client will be refunded the difference. If the initial deposit is less, then the client will be billed the difference.

## Comprehensive Financial Planning – Multiple Project Engagement – Ongoing Fee

Fees for Comprehensive Financial Planning via a Multiple Project Engagement range from \$5,000 - \$7,500 in year one and \$3,000 - \$4,500 in year 2 and beyond. 40% of the fee is due upfront with the remainder paid monthly or quarterly, in advance. The fee may be negotiable in certain cases. This service may be terminated with 30 days' notice. Upon termination of any account, the fee will be prorated and any unearned fee will be refunded to the client. JBC will not bill an amount above \$500 more than 6 months in advance.

## Investment Advisory Services

Investment advisory services are only available after payment and completion of a Financial Review (above). In addition to financial planning fees, clients will pay a standard advisory fee based on the market value of the account calculated as follows:

### Fee Schedule 1 (Available to all financial planning clients)

Account Value	Annual Advisory Fee	Betterment Fee
\$0 - \$500,000	0.60%	0.25%
\$500,001 - \$1,000,000	0.45%	0.25%
\$1,000,001 - \$2,000,000	0.35%	0.25%
\$2,000,001 and Above	0.25%	0.25%

## Fee Schedule 2 (Available to Comprehensive Financial Planning – Multiple Project Engagement clients)

Account Value	Annual Advisory Fee	Betterment Fee
\$0 and Above	0.25%	0.25%

The annual fees are negotiable and are pro-rated and paid in arrears on a quarterly basis. The Outside Manager will debit the client's account for both the Outside Manager's fee, and JBC's advisory fee, and will remit JBC's fee to JBC. No increase in the annual fee shall be effective without agreement from the client by signing a new agreement or amendment to their current advisory agreement.

Accounts initiated or terminated during a calendar quarter will be charged a pro-rated fee based on the amount of time remaining in the billing period. An account may be terminated with written notice at least 30 calendar days in advance. Since fees are paid in arrears, no rebate will be needed upon termination of the account.

### Other Types of Fees and Expenses

If a Client engages the Advisor to provide additional work beyond the scope of the normal engagement, fees from \$175 per hour will be charged.

Where a Client has made fee payments to the Advisor as described above and subsequently determines to terminate an advisory agreement prior to its annual expiration, the Advisor will prorate the annual fee taking into account both length of service and work performed and refund the unearned portion to the Client. Client fees are refundable in total during the period up to five days following the signing of the Agreement retaining the Advisor to provide services. The Advisor retention agreement is terminable at any time by the Client or Advisor.

Our fees are exclusive of brokerage commissions, transaction fees, and other related costs and expenses which may be incurred by the client. Clients may incur certain charges imposed by custodians, brokers, and other third parties such as custodial fees, deferred sales charges, odd-lot differentials, transfer taxes, wire transfer and electronic fund fees, and other fees and taxes on brokerage accounts and securities transactions. Mutual fund and exchange traded funds also charge internal management fees, which are disclosed in a fund's prospectus. Such charges, fees and commissions are exclusive of and in addition to our fee, and we shall not receive any portion of these commissions, fees, and costs.

Item 12 further describes the factors that we consider in selecting or recommending broker-dealers for client's transactions and determining the reasonableness of their compensation (e.g., commissions).

We do not accept compensation for the sale of securities or other investment products including asset-based sales charges or service fees from the sale of mutual funds.

## Item 6: Performance-Based Fees and Side-By-Side Management

---

We do not offer performance-based fees.

## Item 7: Types of Clients

---

We provide financial planning and portfolio management services to individuals and high net-worth individuals.

We do not have a minimum account size requirement.

## Item 8: Methods of Analysis, Investment Strategies and Risk of Loss

---

We refer clients to Betterment Securities, a third-party investment adviser. Our analysis of Betterment Securities involves the examination of the experience, expertise, investment philosophies, and past performance of the outside managers in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We monitor the manager's underlying holdings, strategies, concentrations and leverage as part of our overall periodic risk assessment. Additionally, as part of our due-diligence process, we survey the manager's compliance and business enterprise risks. A risk of investing with an outside manager who has been successful in the past is that he/she may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in an outside manager's portfolio. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the portfolio, making it a less suitable investment for our clients. Moreover, as we do not control the manager's daily business and

compliance operations, we may be unaware of the lack of internal controls necessary to prevent business, regulatory or reputational deficiencies.

### **Passive Investment Management**

We primarily practice passive investment management. Passive investing involves building portfolios that are comprised of various distinct asset classes. The asset classes are weighted in a manner to achieve a desired relationship between correlation, risk and return. Funds that passively capture the returns of the desired asset classes are placed in the portfolio. The funds that are used to build passive portfolios are typically index mutual funds or exchange traded funds.

Passive investment management is characterized by low portfolio expenses (i.e. the funds inside the portfolio have low internal costs), minimal trading costs (due to infrequent trading activity), and relative tax efficiency (because the funds inside the portfolio are tax efficient and turnover inside the portfolio is minimal).

In contrast, active management involves a single manager or managers who employ some method, strategy or technique to construct a portfolio that is intended to generate returns that are greater than the broader market or a designated benchmark. Academic research indicates most active managers underperform the market.

### **Material Risks Involved**

**All investing strategies we offer involve risk and may result in a loss of your original investment which you should be prepared to bear.** Many of these risks apply equally to stocks, bonds, commodities and any other investment or security. Material risks associated with our investment strategies are listed below.

**Market Risk:** Market risk involves the possibility that an investment's current market value will fall because of a general market decline, reducing the value of the investment regardless of the operational success of the issuer's operations or its financial condition.

**Strategy Risk:** The Adviser's investment strategies and/or investment techniques may not work as intended.

**Interest Rate Risk:** Bond (fixed income) prices generally fall when interest rates rise, and the value may fall below par value or the principal investment. The opposite is also generally true: bond prices generally rise when interest rates fall. In general, fixed income securities with longer maturities are more sensitive to these price changes. Most other investments are also sensitive to the level and direction of interest rates.

**Inflation:** Inflation may erode the buying-power of your investment portfolio, even if the dollar value of your investments remains the same.

## **Risks Associated with Securities**

Apart from the general risks outlined above which apply to all types of investments, specific securities may have other risks.

**Municipal Bonds** are debt obligations generally issued to obtain funds for various public purposes, including the construction of public facilities. Municipal bonds pay a lower rate of return than most other types of bonds. However, because of a municipal bond's tax-favored status, investors should compare the relative after-tax return to the after-tax return of other bonds, depending on the investor's tax bracket. Investing in municipal bonds carries the same general risks as investing in bonds in general. Those risks include interest rate risk, reinvestment risk, inflation risk, market risk, call or redemption risk, credit risk, and liquidity and valuation risk.

**Exchange Traded Funds** prices may vary significantly from the Net Asset Value due to market conditions. Certain Exchange Traded Funds may not track underlying benchmarks as expected.

**Investment Companies Risk.** When a client invests in open end mutual funds or ETFs, the client indirectly bears its proportionate share of any fees and expenses payable directly by those funds. Therefore, the client will incur higher expenses, many of which may be duplicative. In addition, the client's overall portfolio may be affected by losses of an underlying fund and the level of risk arising from the investment practices of an underlying fund (such as the use of derivatives). ETFs are also subject to the following risks: (i) an ETF's shares may trade at a market price that is above or below their net asset value; (ii) the ETF may employ an investment strategy that utilizes high leverage ratios; or (iii) trading of an ETF's shares may be halted if the listing exchange's officials deem such action appropriate, the shares are de-listed from the exchange, or the activation of market-wide "circuit breakers" (which are tied to large decreases in stock prices) halts stock trading generally. The Adviser has no control over the risks taken by the underlying funds in which clients invest.

## **Item 9: Disciplinary Information**

---

### **Criminal or Civil Actions**

JBC and its management have not been involved in any criminal or civil action.

### **Administrative Enforcement Proceedings**

JBC and its management have not been involved in administrative enforcement proceedings.

## **Self-Regulatory Organization Enforcement Proceedings**

JBC and its management have not been involved in legal or disciplinary events that are material to a client's or prospective client's evaluation of JBC or the integrity of its management.

## **Item 10: Other Financial Industry Activities and Affiliations**

---

No JBC Wealth Advisors employee is registered, or have an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.

No JBC Wealth Advisors employee is registered, or have an application pending to register, as a futures commission merchant, commodity pool operator or a commodity trading advisor.

JBC Wealth Advisors only receives compensation directly from clients. We do not receive compensation from any outside source. We do not have any conflicts of interest with any outside party.

JBC Wealth Advisors may refer clients to Johnson Block and Company, Inc. (Tax Supervisor) the owner of JBC Wealth Advisors. Johnson Block and Company, Inc. may refer clients to JBC Wealth Advisors, LLC. Accounting services provided by Johnson Block and Company, Inc. are separate and distinct from our advisory services, and are provided for separately and require typical compensation. There are no referral fee arrangements between our firms for these recommendations. No client is obligated to use Johnson Block and Company, Inc. for any accounting services and conversely, no accounting client is obligated to use the advisory services provided by us. Johnson Block and Company, Inc.'s accounting services do not include the authority to sign checks or otherwise disburse funds on any of our advisory client's behalf.

### **Recommendations or Selections of Other Investment Advisers**

As referenced in Item 4 of this brochure, JBC recommends clients to Outside Managers to manage their accounts. In the event that we recommend an Outside Manager, please note that we do not share in their advisory fee. Our fee is separate and in addition to their compensation (as noted in Item 5) and will be described to you prior to engagement. You are not obligated, contractually or otherwise, to use the services of any Outside Manager we recommend.

Additionally, JBC will only recommend an Outside Manager who is properly licensed or registered as an investment adviser.

## Item 11: Code of Ethics, Participation or Interest in Client Transactions and Personal Trading

---

As a fiduciary, our firm and its associates have a duty of utmost good faith to act solely in the best interests of each client. Our clients entrust us with their funds and personal information, which in turn places a high standard on our conduct and integrity. Our fiduciary duty is a core aspect of our Code of Ethics and represents the expected basis of all of our dealings.

### Code of Ethics Description

This code does not attempt to identify all possible conflicts of interest, and literal compliance with each of its specific provisions will not shield associated persons from liability for personal trading or other conduct that violates a fiduciary duty to advisory clients. A summary of the Code of Ethics' Principles is outlined below.

- Integrity - Associated persons shall offer and provide professional services with integrity.
- Objectivity - Associated persons shall be objective in providing professional services to clients.
- Competence - Associated persons shall provide services to clients competently and maintain the necessary knowledge and skill to continue to do so in those areas in which they are engaged.
- Fairness - Associated persons shall perform professional services in a manner that is fair and reasonable to clients, principals, partners, and employers, and shall disclose conflict(s) of interest in providing such services.
- Confidentiality - Associated persons shall not disclose confidential client information without the specific consent of the client unless in response to proper legal process, or as required by law.
- Professionalism - Associated persons' conduct in all matter shall reflect credit of the profession.
- Diligence - Associated persons shall act diligently in providing professional services.

We periodically review and amend our Code of Ethics to ensure that it remains current, and we require all firm access persons to attest to their understanding of and adherence to the Code of Ethics at least annually. Our firm will provide of copy of its Code of Ethics to any client or prospective client upon request.

### **Investment Recommendations Involving a Material Financial Interest and Conflicts of Interest**

Neither our firm, its associates or any related person is authorized to recommend to a client, or effect a transaction for a client, involving any security in which our firm or a related person has a material financial interest, such as in the capacity as an underwriter, adviser to the issuer, etc.

### **Advisory Firm Purchase of Same Securities Recommended to Clients and Conflicts of Interest**

Our firm and its “related persons” do not invest in the same securities, or related securities, e.g., warrants, options or futures, which we recommend to clients.

### **Trading Securities at/Around the Same Time as Client’s Securities**

Because our firm and its “related persons” do not invest in the same securities, or related securities, e.g., warrants, options or futures, which we recommend to clients, we do not trade in securities at or around the same time as clients.

## **Item 12: Brokerage Practices**

---

### **Factors Used to Select Custodians and/or Broker-Dealers**

JBC Wealth Advisors, LLC does not have any affiliation with Broker-Dealers. Specific custodian recommendations are made to client based on their need for such services. We recommend custodians based on the reputation and services provided by the firm.

#### **1. Research and Other Soft-Dollar Benefits**

We currently do not receive soft dollar benefits.

#### **2. Brokerage for Client Referrals**

We receive no referrals from a broker-dealer or third party in exchange for using that broker-dealer or third party.

### **3. Clients Directing Which Broker/Dealer/Custodian to Use**

We do recommend a specific custodian for clients to use, however, clients may custody their assets at a custodian of their choice. Clients may also direct us to use a specific broker-dealer to execute transactions. By allowing clients to choose a specific custodian, we may be unable to achieve most favorable execution of client transaction and this may cost clients' money over using a lower-cost custodian.

### **The Custodian and Brokers We Use**

JBC does not maintain custody of your assets that we manage, although we may be deemed to have custody of your assets if you give us authority to withdraw advisory fees from your account (see Item 15—Custody, below). Your assets must be maintained in an account at a “qualified custodian,” generally a broker-dealer or bank. We may recommend that our clients use MTG, LLC dba Betterment Securities (“Betterment Securities”), a registered broker-dealer, member SIPC, as the qualified custodian. We are independently owned and operated and are not affiliated with Betterment Securities. Betterment Securities will hold your assets in a brokerage account and buy and sell securities when we and/or you instruct them to. While we may recommend that you use Betterment Securities as custodian/broker, you will decide whether to do so and will open your account with Betterment Securities by entering into an account agreement directly with them. We do not open the account for you, although we may assist you in doing so. If you do not wish to place your assets with Betterment Securities, then we cannot manage your account on Betterment Institutional (defined below).

### **Your Brokerage and Custody Costs**

For our clients' accounts that Betterment Securities maintains, Betterment Securities generally does not charge you separately for custody services, but is compensated as part of the Betterment Institutional (defined below) platform fee, which is a percentage of the dollar amount of assets in the account in lieu of commissions. We have determined that having Betterment Securities execute trades is consistent with our duty to seek “best execution” of your trades. Best execution means the most favorable terms for a transaction based on all relevant factors, including those listed above (see “Factors Used to Select Custodians and/or Broker-Dealers”).

### **Services Available to Us via Betterment Institutional**

Betterment Securities serves as broker dealer to Betterment Institutional, an investment and advice platform serving independent investment advisory firms like us (“Betterment Institutional”). Betterment Institutional also makes available various support services which may

not be available to Betterment's retail customers. Some of those services help us manage or administer our clients' accounts, while others help us manage and grow our business. Betterment Institutional's support services are generally available on an unsolicited basis (we don't have to request them) and at no charge to us. Following is a more detailed description of Betterment Institutional's support services:

1. **SERVICES THAT BENEFIT YOU.** Betterment Institutional includes access to a range of investment products, execution of securities transactions, and custody of client assets through Betterment Securities. Betterment Securities' services described in this paragraph generally benefit you and your account.
2. **SERVICES THAT MAY NOT DIRECTLY BENEFIT YOU.** Betterment Institutional also makes available to us other products and services that benefit us, but may not directly benefit you or your account. These products and services assist us in managing and administering our clients' accounts, such as software and technology that may:
  - a. Assist with back-office functions, recordkeeping, and client reporting of our clients' accounts.
  - b. Provide access to client account data (such as duplicate trade confirmations and account statements).
  - c. Provide pricing and other market data.
3. **SERVICES THAT GENERALLY BENEFIT ONLY US.** By using Betterment Institutional, we will be offered other services intended to help us manage and further develop our business enterprise. These services include:
  - a. Educational conferences and events.
  - b. Consulting on technology, compliance, legal, and business needs.
  - c. Publications and conferences on practice management and business succession.

## **Our Interest in Betterment Securities' Services**

The availability of these services from Betterment Institutional benefits us because we do not have to produce or purchase them. In addition, we don't have to pay for Betterment Securities' services. These services may be contingent upon us committing a certain amount of business to Betterment Securities in assets in custody. We may have an incentive to recommend that you maintain your account with Betterment Securities, based on our interest in receiving Betterment Institutional and Betterment Securities' services that benefit our business rather than based on your interest in receiving the best value in custody services and the most favorable execution of your transactions. This is a potential conflict of interest. We believe, however, that our selection of Betterment Securities as custodian and broker is in the best interests of our clients. Our selection is primarily supported by the scope, quality, and price of Betterment Securities' services and not Betterment Institutional and Betterment Securities' services that benefit only us.

## Aggregating (Block) Trading for Multiple Client Accounts

Outside Managers used by JBC may block client trades at their discretion. Their specific practices are further discussed in their ADV Part 2A, Item 12.

## Item 13: Review of Accounts

---

Client accounts with the Investment Management Service will be reviewed regularly on a quarterly basis by Nathan Byers, President and CCO. The account is reviewed with regards to the client's investment policies and risk tolerance levels. Events that may trigger a special review would be unusual performance, addition or deletions of client imposed restrictions, excessive draw-down, volatility in performance, or buy and sell decisions from the firm or per client's needs.

Clients will receive trade confirmations from the broker(s) for each transaction in their accounts as well as monthly or quarterly statements and annual tax reporting statements from their custodian showing all activity in the accounts, such as receipt of dividends and interest.

JBC will not provide written reports to Investment Management clients.

## Item 14: Client Referrals and Other Compensation

---

We receive a non-economic benefit from Betterment Institutional and Betterment Securities in the form of the support products and services it makes available to us and other independent investment advisors whose clients maintain their accounts at Betterment Securities. These products and services, how they benefit us, and the related conflicts of interest are described above (see Item 12—Brokerage Practices). The availability to us of Betterment Institutional and Betterment Securities' products and services is not based on us giving particular investment advice, such as buying particular securities for our clients.

## Item 15: Custody

---

JBC does not accept custody of client funds. Clients should receive at least quarterly statements from the broker dealer, bank or other qualified custodian that holds and maintains client's investment assets.

## Item 16: Investment Discretion

---

For those client accounts where we provide investment management services, we maintain discretion over client accounts with respect to securities to be bought and sold and the amount of securities to be bought and sold. Investment discretion is explained to clients in detail when an advisory relationship has commenced. At the start of the advisory relationship, the client will execute a Limited Power of Attorney, which will grant our firm discretion over the account. Additionally, the discretionary relationship will be outlined in the advisory contract and signed by the client. Clients may impose reasonable restrictions on investing in certain securities, types of securities, or industry sectors.

## Item 17: Voting Client Securities

---

We do not vote Client proxies. Therefore, Clients maintain exclusive responsibility for: (1) voting proxies, and (2) acting on corporate actions pertaining to the Client's investment assets. The Client shall instruct the Client's qualified custodian to forward to the Client copies of all proxies and shareholder communications relating to the Client's investment assets. If the client would like our opinion on a particular proxy vote, they may contact us at the number listed on the cover of this brochure.

In most cases, you will receive proxy materials directly from the account custodian. However, in the event we were to receive any written or electronic proxy materials, we would forward them directly to you by mail, unless you have authorized our firm to contact you by electronic mail, in which case, we would forward you any electronic solicitation to vote proxies.

## Item 18: Financial Information

---

Registered Investment Advisers are required in this Item to provide you with certain financial information or disclosures about our financial condition. We have no financial commitment that

impairs our ability to meet contractual and fiduciary commitments to clients, and we have not been the subject of a bankruptcy proceeding.

We do not have custody of client funds or securities or require or solicit prepayment of more than \$500 in fees per client six months in advance.

### Professional Designations, Licensing & Exams

**Certified Public Accountant (CPA):** CPAs are licensed and regulated by their state boards of accountancy. While state laws and regulations vary, the education, experience and testing requirements for licensure as a CPA generally include minimum college education (typically 150 credit hours with at least a baccalaureate degree and a concentration in accounting), minimum experience levels (most states require at least one year of experience providing services that involve the use of accounting, attest, compilation, management advisory, financial advisory, tax or consulting skills, all of which must be achieved under the supervision of or verification by a CPA), and successful passage of the Uniform CPA Examination. In order to maintain a CPA license, states generally require the completion of 40 hours of continuing professional education (CPE) each year (or 80 hours over a two-year period or 120 hours over a three-year period). Additionally, all American Institute of Certified Public Accountants (AICPA) members are required to follow a rigorous Code of Professional Conduct which requires that they act with integrity, objectivity, due care, competence, fully disclose any conflicts of interest (and obtain client consent if a conflict exists), maintain client confidentiality, disclose to the client any commission or referral fees, and serve the public interest when providing financial services.

**Personal Financial Specialist (PFS):** This designation is issued by the American Institute of Certified Public Accountants (AICPA) and is granted to individuals who must meet all of the following prerequisites: a member of the AICPA; hold an unrevoked CPA certificate issued by a state authority; earn at least 100 points under the PFS point system; and have substantial business experience in personal financial planning related services. The candidate is required to obtain personal financial planning specific education in addition to holding a valid CPA. The candidate must take a final certification examination (proctored by the AICPA) and once issued the individual must undergo Continuing Education in the form of 60 PFS points in personal financial planning experience as well as qualified 'life-long learning' activities every three years.

### **Other Business Activities**

Nathan Byers is currently employed as Tax Supervisor at the Johnson Block & Company, Inc. This activity accounts for approximately 50% of his time.

### **Performance Based Fees**

JBC is not compensated by performance-based fees.

### **Material Disciplinary Disclosures**
